- 一、確認上次會議紀錄：通過(修正條文加註網址連結)
- 二、圖書館各組業務報告(已隨議程分送各位委員，不重複印發)
- 三、提案討論

(一)提案單位：音樂系

案由：

1. It is suggested that an "after hours" box be installed near the main entrance to the library so that students can return books when the

library is closed. This could also be used for the return of musical scores and CDs.

2.It is suggested that all musical scores be hardbound before being placed on the stacks, so that they are hardcover; this would keep the scores intact, thereby reducing wear and tear. Alternatively, scores could be placed into a hard folder.

3.It is suggested that students be allowed to check out musical scores and CDs in order to facilitate their ability to do research for papers and assignments.

4.It is suggested that students be allowed to borrow musical scores and CDs for one week, while faculty be allowed to borrow these items for a period of two weeks. If a faculty member needed a specific library item already checked out by a student, he or she would have the right to have that item recalled to the library. (Note: "Recall" means the student must return the borrowed item to the library immediately.)
